**Glydea™** ULTRA

Our best in class  
just got better

# ultra

Reliable, adaptable, robust and discreet; the premium solution for residential and commercial projects is now available. As market leader, with over 160 million motors sold around the world, Somfy offers Glydea™ ULTRA, the result of years of research in overall performance standards. It is the first ultra-quiet, ultra-powerful, ultra-adaptable motor for curtains.

# ultra

QUIET

Glydea™ ULTRA is packed with innovations that provide an acoustic performance of less than 38dBA... one of the quietest motorization solutions in the market. This exceptional achievement absorbs the noise and vibration within the motor and across the entire system.

A must wherever silence, well-being and everyday comfort are important.

# ultra

POWERFUL

The Glydea™ ULTRA is absolutely discreet and offers light, fluid movement with a strong traversing capacity up to 60kg. Somfy's commitment to performance and strength makes this innovation possible.

Somfy  
DESIGNED FOR  
SILENCE

Our motors and accessories guarantee an industry-leading level of premium silence. Enhance new interior applications with the added value of silence and power.

Glydea™ ULTRA is available for the most popular types of curtains: classic, ripple fold, pinch pleated, accordion fold.

Pinch pleated

Ripple fold

Accordion fold

ADAPTABLE

Glydea™ ULTRA is suitable for every project, all decors and in any place where silence offers well-being. It is compatible with multiple technologies to suit user control preferences and is also connected to meet the needs of smart buildings and smart homes.

Your customers can choose the best control device for their needs:

**Wall switch:** Smoove  
**Remote control:** Telis, Situo  
**App control:** Connexoon Window RTS

**Smart home**  
 The App Connexoon Window RTS allows to easily control Somfy products from anywhere.

**Smart building management**  
 with animeo compatibility.

**Commercial buildings**  
 Hotel rooms, offices, reception areas, showrooms, conference rooms, museums, libraries, spas, hospitals, etc

**Individual homes and high-end residential complexes**  
 Reception areas, bedrooms, home cinemas, etc.
